## GOVERNORS PLAN G. O. P. REVIVAL

**State Heads Meet To Discuss Details.**

**"Exchange of Views" Guise Used**

To Conceal Their Interest.

Washington, Dec. 7.—Republican Governors from a dozen States and party leaders in Congress, with whom they internally conferred today, have agreed that no definite steps toward a reorganization of the Republican party and a amalgam of the working forces are practical within a year.

Opposition from garrison Republians when it is desired to bring into the movement, and opacity on the part of men who have been identified with the party's greatest activity, have helped to convince leaders in the reorganization movement that no concerted plan should be undertaken until late next year.

A conference planned by Governors Hadley, of Missouri, and Tracy, of Pennsylvania, and presided over by Governor Goldsborough, of Maryland, brought together here today Republicans Executive from States covering the entire area where the Progressive Republican fight was most severe during the recent campaign.

The conference was called for an "exchange of views" and nothing further was planned by those task of the movement. As a result of the conference, however, it became apparent that any general plan of reorganization will require a resolution of secession from Southern States and an adoption of primary systems for the selection of delegates to the national convention of the party.

Prior to the conference of Governors, Gov. Hadley, of Missouri, had caucused the Republican and Progressive forces of the State to ascertain the feeling toward proposed action to strengthen the party.

It is understood that Progressive Senators, who still maintain their affiliation with the Republican party, gave little support to the proposal for secession and that many "regular Republicans" declared emphatically that

they believed it too early to attempt any concerted effort toward party reorganization.

Those present at the conference were Governors Hadley, Tracy and Goldsborough; Elihu of Minnesota; Carroll of Iowa; Pennewill of Delaware; Odile of Nevada; Vessey, of South Dakota; Story of Utah; Glasscock of West Virginia; McGovern, of Wisconsin; Davis of Wyoming, and Governor-elect Johnson of North Dakota.

### Card of Thanks.

The day is not far distant when "cards of thanks" will be a thing of the past. When death enters a home neighbors never fail to do all in their power to place a silver lining back of the dark cloud and they do not expect or desire any thanks through the public press. One subscriber, however, not to be outdone sent in the following:

"Mr. Editor: I desire to thank my friends and neighbors most heartily in this manner for their co-operation during the illness and death of my late husband, who escaped from me by the hand of death on last Friday while eating breakfast. To my friends and all who contributed so willingly toward making the last moments and funeral a success I desire to express my most kindly hopeing these lines will find them enjoying the same blessing. I have also a good milk cow and a very good horse eight years old which I will sell cheap. God moves in a mysterious way. His wonders to perform He plants His footsteps on the sand and rides upon the storm." Also a black and white sheep chaise.—Janesetta Dispatch.

Mr. G. E. Faqua, of Clear Run, was in this vicinity Sunday evening.

A Des Moines man had an attack of muscular rheumatism in his shoulder. A friend advised him to go to Hot Springs. That meant an expense of \$15 or more. He sought for a quicker and cheaper way to cure it and found it in Chamberlain's Liniment. Three days after the first application of this liniment he was well. For sale by all dealers.
